Home-Made Candy Fresh Every Day at M. & B. Confectionery

This paper has four live pages filled every day with fresh news. Why not have your message go into the homes of the people of Monessen and vicinity? The expense is insignificant compared to the results.

Daily Independent

The live merchant appreciates the fact that he's in the heighth of the fall season and he's throwing a few extra dollars in his campaign of publicity. The dead merchant doesn't know he's living.

VOL. 14, NUMBER 128 MONESSEN, PA, WEDNESDAY, NOVEMBER 10, 1915 SIX CENTS THE WEEK

ARSON NOT SUSTAINED

Peter Lucarakis, charged with having fired his home on Park Way on the night of April 19, was placed on trial before Judge Doty in Greensburg on Monday afternoon. J. G. Lowers, assistant state fire marshall is the prosecutor in the case. Several members of the fire department said they found a can of something that looked like grease and two candle holders in the rubbish pile in the cellar of the burning house. The candlesticks and the can were exhibited in court. The can evidently was filled with plaster of Paris or possibly putty. Quite a number of witnesses were called to tell about the circumstances. Mrs. Helen Albright, a neighbor, stated that she smelled smoke about 1:20 in the morning and called for her daughter to send in an alarm of fire. She stated that the defendant was seen on the porch of the house the evening before. Firemen found a hole had been burned through the floor in the center of the room and that the fire had burned through the floor to the pile of rubbish.

The case was concluded yesterday resulting in acquittal for Lucarakis.

WITNESS ON WATER CASE

H. Dallas McCabe of Monessen, is one of the leading witnesses on the case now being heard before the State Public Utilities Commission in Greensburg wherein the consumers are making complaint of exhorbitant rates charged by the Westmoreland Water company.

It was after 10 o'clock yesterday when the hearing began. H. Dallas McCabe of Monessen, was called to testify in relation to the cost of various plants of the water company.

Mr. McCabe testified particularly to his estimated cost of the plant covered by the Immel reservoir and its pipe lines. When he attempted to give an estimate of the cost of iron pipe for the conveyance of water, Attorneys James S. Moorhead and R. W. Smith interrupted and insisted that the quotations on iron pipe were gathered from hearsay and should not be admitted as evidence as to the cost of material entering into the construction of the line. Attorney Smith stated that some of the testimony being offered by Mr. McCabe had been ruled out at a previous hearing.

Mr. McCabe during his testimony relative to teh cost of construction, admitted that since the previous hearing he had discovered that a portion of his testimony given relative to the cost of construction had been wrong. It was under cross examination of Attorney Smith that Mr. McCabe admitted that the lines followed in his testimony at a previous hearing were not in harmony with that of the present sitting.

Belle Vernon Case Taken to Court

Harry Hoyes of North Belle Vernon, was the defendant in a case preferred by Policeman J. W. Tiley in behalf of Fred Provins, who Hoyes is alleged to have seriously cut with a penknife during a fight one night last September. One witness stated Hoyes was in a party of singers standing near the street car line when Provins came up and asked to explain the trouble he had had with another man named Mack. Hoyes told Provins, the witness said, he was no match for him, that he weighed over 300 pounds and that he (Hoyes) weighed less than 150. They went together and continued to fight until they fell to the ground. Provins was badly cut. Everytime Provins would hit him, counsel said, Hayes would jab him with a penknife. Hoyes claimed it was done in self defense. The verdict was not guilty.

SOCIAL

The "Clover Leaf Crochet Club" met last night at the home of Mrs. J. B. Phillian. Eleven members were present. The early part of the evening was industriously spent in crocheting and embroidering and at 10 o'clock the guests were ushered into the dining room, which was prettily decorated in the club colors, green and white, where a dainty three course luncheon was served by Miss Anna McLain and Miss Irene Jenkins. After this the guests made merry with singing and music until they made their departure at the stroke of twelve.

The "Just For Fun" club held its first meeting last night at the home of Mrs. Boyer of Twelfth street. The evening was spent in doing fancy work and the ladies succeeded first rate in living up to the name of their club. Mrs. Boyer served a delightful lunch which was heartily appreciated by all. About 11:30 the guests departed to meet Nov. 23 at the home of Mrs. Don Baker. There were twelve members present, five being unable to attend.

—Mrs. W. H. Watson and Miss Marie Watson entertained at their home in Donora yesterday afternoon. Guests were present from Monessen, Charleroi, Monongahela and Donora. An interesting program consisting of vocal and instrumental music and several literary numbers featured the afternoon. A lunch was served.

THE FIRST NATIONAL BANK MONESSEN, PA.

RESENTS STATEMENT

Editor Daily Independent:—

In these few words I wish to answer a false charge made by a citizen of this town in last night's paper. This is in behalf of the Monessen High school. In the first place the trips which were taken to Turtle Creek and Jeannette did not cost the students a cent. In the next place if parents thought that their children would be injured by a little yelling they would not have let them go on these trips.

Again, no pupil is losing any education on account of football. When the semester closes it will be found that the assignment has been covered. We are not training students to be "rooters" and this accusation is not true.

Football should be regarded from a physical standpoint. It is good for any person And no team can win without aid from the students. We would be pleased to hear further about this and if this one parent (we should be glad to know who he is) thinks rooting for a loyal cause is detrimental, let him keep his children away.

The Monessen High School.

Laborers Scarce

There is still a pronounced scarcity of laborers in the busy Monongahela valley industrial district, according to reports from mills and mines. Probably 1,000 men could find employment if they applied at mines and mills. Workmen are at a premium and cannot be found for the jobs.

Never, it is declared, was the Monongahela valley district so badly in need of men as at present, and this applies particularly to the districts surrounding Monongahela, where coal mines have been increasing their capacity steadily. In the fourth pool mines are all operating and above Brownsville and throughout the coal districts of Greene and Fayette county in the fifth pool, the same condition applies.

Within a mile or so from Monongahela, 500 to 700 men could be used in the mines alone. All of the mines are short of men and the demand is growing greater every day. At Dunkirk there is a shortage of 100 men, with the same figure applicable at Hazelkirk, Manown and Gallatin.

It has also been stated on fairly good authority that if the men were available, Catsburg and Black Diamond mines would be opened. According to the statement of the informant, a well known employe of the company, there would be no use to open these mines because the workmen that would resume their places there would only quit at some of the other mines and thus all would be correspondingly short. It would add the expense of operating the two additional mines as is now employed

At Lock No. 4, lock work is procaading as rapidly as possible, but there is need of additional workmen. The Monongahela valley at the present time is the busiest valley in the world, according to the statement of a traveling man of wide knowledge who visited here this week. The starting of through train service from Pittsburgh to Fairmont over the new Monongahela railway route, has tended to improve business considerably.

—Coming, Thursday, Nov. 18 to the Olympic theatre. "The Campbells are Coming, featuring Grace Cunard and Francis Ford, the famous artists now playing in "The Broken Coin" —A stupendous production. 1t

Doings at the Local Schools

The enrollment of the night school has reached the one hundred and fifty mark and the attendance is keeping up fine. All persons wishing to take advantage of this opportunity to improve in an educational way should enroll by Thursday night of this week in order to move along with the work.

Seven instructors are now busy with this department and courses have been outlined in algebra, geometry, english, mechanical drawing, domestic science, commercial course, reading, writing, arithmetic and spelling. The enrollment fee is $3.00 and there are classes Tuesday and Thursday of each week.

On Monday evening the ladies'gymnasium will open and will be in session from 7:30 to 9.30. On Tuesday evening the Boy Scouts will have the gymnasium and on Thursday evening the young men. The library is open every Tuesday and Thursday evening frmo 7 to 9 o'clock. The course of lectures given in the High school auditorium every alternate Tuesday by Dr. Kirby of the University of Pittsburgh are proving very interesting and should attract more interest than they really do. Dr. Kirby is an educated and polished gentleman and his talks are very helpful.

Jim Baker of Dutchtown, faced the burgess this morning on a charge of being drunk. The burgess gave him a choice of paying a fine of $10.00 and costs or serving sixty days at the county jail. On account of lack of funds, he was taken over to jail on the 9:39.

—Friday at the Olympic—William Faversham in "The Right of Way," supported by Jane Grey and a capable cast. 1t

CONVICTED, GOES TO PEN

Judge McConnell heard the case of Sam Calgar, charged with felonious assault and battery by his sweetheart, Miss Elizabeth Ferrero of Monessen. The two had been keeping company for some time, but Sam went away for a time. He returned on October 4 and asked Miss Ferrero to become his bride, but she rejected him and returned the jewelry he had previously presented to her. Sam drew a revolver and started to shoot. The first bullet entered her right cheek, a second her shoulder and the third knocked the hairpins from her hair and injured the back of her head. Calgar was found guilty and was sentenced to serve one year and two months in the workhouse besides paying the costs and a fine of $1.

Penalties of the Law

On California's prison calendar one condemned convict is scheduled to die every Friday during the next six weeks, excepting only Thanksgiving week. Most of them are boys. The advisory pardons board recommended to Governor Johnson that pleas for commutation to life sentence in behalf of Earl Martin Loomis and Louis Bundy, both minors, be denied. Commutation to life imprisonment was at the eleventh hour proposed by the pardon board in the cases of Glenn Witt, Charles E. T. Oxnam and Nat Weston, while a reprieve was recommended for Fernando Mammilato.

They are murderers. Not one can raise the cry that he is the victim of circumstantial evidence, or an unfair trial. None can proclaim innocence. Therefore, in compliance with the law, they must be hanged.

Louis Bundy, at the age of 17, beat to death a messenger boy in Los Angeles and robbed him. Earl Loomis, in his 18th year, shot down Mrs. Marie Holcroft while in the act of burglarizing the woman's ice cream parlor. Glen Witt, aged 22, and Charles Oxnam, who is under sentence to be executed at San Quentin, entered the home of William Alexander in Los Angeles last year intent on robbery. Alexander was killed by a shot fired by Cxnam. In Oxnam's behalf a petition from forty-five states was filed with Governor Johnson by a Seattle woman who knew his family. Attorney Frank Atkinson has interested himself in efforts to secure a commutation of Witt's sentence.

Mrs. Ella F. Love, a church woman of Sacramento, spent much time with Earl Loomis in the death cell at Folsom prison and pleaded his case before Governor Johnson. The woman insists that the boy has never had a chance in his life. His stepfather beat him to make him steal.

Louis Bundy in San Quentin, terrified at the thought of the gallows and hangman's noose, wept with joy when he learned that the governor had granted him a reprieve. His life means so much to his loyal and loving sister that she labored faithfully to have it spared. Her mother died under the terrible strain when her son was sentenced to death.

Bundy's cell-mate, Charles Oxnam, will have no father or mother to mourn his death if the governor allows the law to take its course. The hand of the Reaper took them both and left the boy without a guiding power.

Never before in the history of the United States has a similar condition arisen. Never before have three minors been under the death sentence at the same time. In fact, there are few instances where any state ever executed a minor.

The Immigration Problem

Commenting on our immigration problems, Commissioner Frederick C. Howe gives some interesting figures showing that the tide of emigration has slowly ebbed southward in Europe. The only north Europe immigration, of any consequence, he shows by government figures, is from Norway and Sweden and Great Britain. The flow of English, Irish, Scotch and Welsh to our country while never extraordinarily heavy, has always been steady and continues to be so.

But the most remarkable fact of all is that for 20 years the emigration of Germans to the United States has amounted to nothing. That is, while some few thousands come over each year, as a matter of fact, more people emigrate from the United States to Germany every year.

The great decrease in German immigration for 20 years and the fact that a lot go back every year, easily accounts, therefore, for the fact that the German element in this country is so heavily outnumbered by the peoples of the allied countries.

The Mother a Doctor

Every mother should be a doctor according to Dr. Paul Paquin, health director of Kansas City. Thus carelessly does the doctor add another science to the present stiff course in mothercraft. He advises that a fever theremometer be in every home and that a child be kept from school if its temperature rises above the normal. Some physicians discourage this practice, but mothers who have tried it know there is much comfort in a thermometer; it proves a child well about as often as it proves him ill.

Dr. Paquin makes another suggestion which mothers will receive with less enthusiasm. He says that the throat of a child should be inspected twice daily, once before the child goes to school and once after it returns home. If there is a family of five children, this means that 50 silver spoons must be sterilized every week. And yet they say mothercraft—the art of being a scientific mother—is still in its infancy. Apparently only a superwoman will be able ot survive the curriculum when it is completed.

BLOOD THE SEAT OF DISEASE

An eminent authority on nervous diseases has announced that the blood is the seat of all disease. How important, therefore, that it be kept in a pure, healthy condition. For this purpose our local druggists, the Hirsch Drug Co, guarantee Vinol because it is a combination of the three most successful tonics known, iron in its most soluble form, the medicinal extractives of fresh cod livers, without oil, and the nourishing properties of beef peptone. Can you imagine anything better?

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak.

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N.Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—Mrs. FRED CHACE, R. No. 2, Macedon, N.Y.

The Change of Life.

BELTSVILLE, MD.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the Change of Life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I am praising it for the benefit of other women who suffer as I did."—Mrs. W. S. DUVALL, Route No. 1, Beltsville, Md.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Peoples Forum

This column is devoted to the expression of the opinion of our readers and in no wise denotes the paper's opinion on or sympathy with any question involved.

Editor Daily Independent:—

Please allow me space in your forum column to speak on a subject I think will do some women good.

Since the result of the election on Nov. 2d, would like to give the suffrage woman a little advice. Stop and think of the time and energy put forth by a number of women in Pennsylvania to secure the vote, only to be defeated.

The women said if they got the vote they could do much for the good of everything. Now the word everything takes in an awful lot and if these women had only spent the time they spent trying to secure the vote, in trying to make a few little things better in their own home town, which lies wholly in their power, they would at least have accomplished something.

There is a great deal women can do for the betterment of mankind without the vote. Take for instance one thing—the women who have to earn their own living; think of the number of women in whose power it lies to make those lives just a little easier. They never stop to think that some little things may do a lot of good.

Start with the women who have to keep help in their homes. Every two or three weeks you hear them say they are without a girl. They just simply can't keep a girl. Now women want equal rights with men, why not treat your own sex with equal privilege. I have been in a number of homes where they keep help and not one out of every ten treat a girl as she should be treated.

Some time ago I made the acquaintnance of a lady who kept a girl. She told me she had had her for four years. I was so surprised I thought I would watch and see what she did to keep her. This lady had children and instead of having the girl wait on them, they were made to do every turn they were able and every afternoon the girl got an hour to take a rest no matter what was being done. Now this lady who possesses the ability to do good for some one does it without the vote.

Take for instance the clerks, just think of the good which is to be accomplished here in our town and can be done by women only. Think of the long hours girls are kept on their feet just to make it easier for the women who have more power. I have often noticed this since being in Monessen, but noticed it more than ever on the evening of Nov. 1 when the Board of Trade had a Hallowe'en celebration and some of the women kept the girls in the store, while they looked around, when it would have given the girls so much pleasure to have been out just an hour early.

When a girl stands on her feet from 8:30 a. m. until 9:30 p. m., she is tired enough to quit before her time is up without staying late and I notice that a number of women make a habit of shopping at the very last minute. They are so regular it makes no difference if the closing hour be 6 or 9:30, and they are not the women who have husbands working late and have to wait for them to come home and mind the baby but they are the ones who have time to go to parties and shows or stand around talking to their neighbors.

Now these women are the ones who want to vote. I believe the poles close at 7 o'clock and I believe that they would never get to vote for they simply can't get their shopping done before 9:30. Now if the women tried to shop early it would encourage the business men to close early; on the other hand they are encouraging them to keep open later.

If these women who have been defeated would unite with the anti-suffrage cause and see what they can do by the time summer arrives toward making working girls' hours less. I know they can do something and it is something which cannot be defeated and when accomplished will be one more step towards making Monessen a real third class city without a vote.

An Anti-Suffragette.

Mr. Editor:—

I want to approve of every word in the article in yesterday's Peoples Forum where Parent spoke of the growing football evil. I am a mother and seriously object to my children spending so much of their school time in football. They come from school far more excited about the game than about their lessons. In fact we hear very little about the studies but considerable about football games. I can't afford to be sending them around the country to engage in "rooting" and while so many others are interested in football, it is hard for me to control my children.

I want to know if the members of the school board think they are doing right to allow this to go unabated. Some people in Monessen seem to be blessed with too much prosperity or they would not be hiring special trains to go to football games in other towns. As for me it is hard enough to keep my children in school and provide them with the necessaries of life. I hope all the people of town will join with Parent and help to put a stop to this football craze that is being fostered in our schools.

A Mother.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets They cause the bowels and liver to act normally. They never force them to unnatural action

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

A Bald Head Only Indicates that the scalp has been neglected. We recommend that you use

Rexall "93" Hair Tonic

Kills the germ that causes the hair to fall out and will keep the scalp healthy.

REGULAR PROGRAM

Following is the Olympic program for this week. Read it over:

WEDNESDAY—"A Life at Stake," in two reels with Warren J. Kerrigan. "Tears and Sunshine," L KO with Gertrude Selby and Alice Howell. "An Heiress for Two," with Lyons and Moran.

THURSDAY—"The Flag of Fortune." in two reels with Murdock McQuarrie. Lady Baffles & D. D. in "The Lost Roll," a Powers comedy. "The Frameup on Dad" with Billie Rhodes and Gallagher.

FRIDAY—"The Right of Way," featuring William Faversham. Also a good comedy.

SATURDAY — "The Superior Claim," a three reel western drama with Bainbridge, Edythe Sterling and Rex de Rosell. "A Day at Midland Beach" a comedy with Max Asher.

SPECIAL PROGRAM

WEDNESDAY—"Neal of the Navy," The story: Mrs. Hardin, Neal Hardin, Annette Illington and Joe Welcher are rescued by a U. S. cruiser when the steamer Princess goes down. Pinned to Annette's underclothing is a map showing the location of Lost Isle. Hernandez and Ponto know of the existence of Lost Isle and see the map. Eighteen years later Annette learns from Mrs. Hardin the secret of Lost Isle; and Hermandez and Ponto learn the whereabouts of Annette. Neal Hardin decides to try for Annapolis. After the test Joe slips the stolen exam papers into Neal's pocket where they are found. Neal starts for New York to enlist in the U. S. army. That night in a attempt to secure the Yellow Packet, Joe sets the house afire. Now watch for the thrilling excitement.

FRIDAY—B. A. Rolfe presents the most commanding figure on the American stage, Mr. William Faversham, aided by the charming actress, Miss Jane Grey. A superb and sterling production of the stirring tale of the limitless north woods, "The Right of Way," from the novel and play of the same name, by Sir Gilbert Parker. The story of a man who repays a debt. Who believes in an eye for an eye, a tooth for a tooth and who knowing the guilt of a man, saves that man and then suffers a return of scruples and orders the other man out of his life, saying: "Go away, you dog. You are as guilty as Hell." William Faversham in "The Right of Way" is an epoch of supreme importance in the universe of photodrama. It brings the foremost dramatic star forward in the foremost novelist's greatest and most impressive tale.
